

DO YOU HAVE TYPE 2 DIABETES?

The Research Institute of Dallas is currently conducting a clinical research study to evaluate a currently marketed injectable medication for people with Type 2 Diabetes.

You may be eligible to participate in this study if you:

- ❖ Have been diagnosed with Type 2 Diabetes.
- ❖ Are currently taking three oral medications for your diabetes.
- ❖ Are not taking insulin.
- ❖ Are between the ages of 18 and 79.

Study participants will receive study medication, routine lab work, study-related medical care, and glucose monitoring supplies plus compensation for time and travel for study visits.

If you or someone you know is interested in more information, please call Terry at 214.265.2148.
