Unable to Manage Your Type 2 Diabetes?

You may be eligible to participate in a clinical research trial for type 2 diabetes.

To be eligible for this trial, you must:

- Be between the ages of 18 and 75
- Take oral antidiabetic medication and insulin
- Have blood sugar levels that are not responding to treatment
- Not have type 1 diabetes
- Not have any serious heart, kidney, liver, blood, cancer, endocrine, or rheumatic diseases

Eligible participants may receive study medication and study-related: medical care, laboratory work and evaluations, glucose monitoring supplies, and diabetic and nutritional counseling.

Call to learn if you may be eligible to participate.
